Dear Sir/Madam,

Thank you for your recent enquiry regarding our Basic Flyball Training Course which will commence on the morning of Saturday 4th February 2012.

This training is aimed at giving the handler/dog a basic insight into what flyball is all about. You will work with your dog under the instruction of our trainers over a **six week period** each Saturday morning from and including 4th February 2012 (9am prompt).

The first training session will start with a short talk, followed by a demonstration from four 'Grasshopper Dogs' of different breeds, if available. You will then be split into classes with your trainers on one of the two flyball courses we will lay out.

The Flyball lane will be enclosed in orange barrier netting initially, progressing to jumps wings and then finally just the jumps.

You are asked to make sure your dog is well exercised before attending and is wearing a flat collar; chokes or half chokes are not allowed in flyball. Your dog must display basic obedience and be able to retrieve a tennis ball.

These classes will last for approximately  $\frac{3}{4}$  hour, with short rest breaks for the dogs as we progress, depending on the size of the class which will not exceed more than eight dogs per flyball lane.

The cost will be **£27.00 per dog/handler** and will include **one year's** membership to the club.

Please complete the attached proforma and forward with your remittance before the **Closing Date :- 28th January 2012.**

Howard Campbell (Team Manager).

Note: This Course is LIMITED to a total of 16 Dogs and entry will be on a first come first served basis. If you require a receipt, please enclose a Stamped Addressed envelope, otherwise you will be given one on the start date. Entry Fees are non-refundable. Club Membership is compulsory for Insurance purposes.

All dogs are entered on this course at their owner's risk. Whilst every care will be taken, the course organisers cannot accept responsibility for damage, injury or loss however caused to dogs, person or property whilst attending this course.
